

EU Tech Solutions GmbH EU SCC 审查报告

EU SCC Compliance Review Report — EU Tech Solutions GmbH

Date: 20260808 | Rating: HIGH

文件概要

文件概要

- SCC 模块: 声明=Module Two, 预期=Module Two, 正确=是
- 条款数: 1
- Annex I.A 主体数: 0
- Annex II 措施数: 0
- Annex III 子处理者数: 0

总体合规评级

总体合规评级: HIGH

- 模块选择: 正确
- 标准条款偏离: 0处
- 第三国传输: 否
- TIA: 缺失
- Schrems II 补充措施: 不足

条款级审查发现

条款级审查发现

[MEDIUM] Annex I.A

- 问题类型: annex_incomplete
- 风险分析: Less than 2 parties identified in Annex I.A. Docking Clause (Clause 7) parties may also be missing.
- 法规依据: EU 2021/914 Annex I.A; Clause 7
- 修改建议: Complete Annex I.A with all data exporters and importers, including any additional parties via Docking Clause.

[HIGH] Annex II

- 问题类型: annex_incomplete
- 风险分析: Annex II (Technical and Organisational Measures) appears empty or could not be parsed. Without specified TOMs, the SCC does not demonstrate adequate data protection safeguards.
- 法规依据: EU 2021/914 Annex II; GDPR Articles 32, 46
- 修改建议: Complete Annex II with specific technical and organisational measures, including encryption standards, access controls, incident response, and data minimization practices.

[HIGH] Annex II / TIA

- 问题类型: supplementary_measures_insufficient
- 风险分析: Technical: insufficient (Technical measures are limited or not detected.). Contractual: missing. Organizational: missing. Overall: insufficient.
- 法规依据: Schrems II C-311/18; EDPB Recommendations 01/2020; GDPR Article 46

- 修改建议: Technical: implement e2ee_eu_keys, basic_encryption_only, access_controls | Contractual: add gov_access, onward_restrictions | Organizational: establish audit, logging, key_management

法规依据与修改建议

法规依据与修改建议

- EU 2021/914 Annex I.A; Clause 7
- EU 2021/914 Annex II; GDPR Articles 32, 46
- Schrems II C-311/18; EDPB Recommendations 01/2020; GDPR Article 46

修改建议汇总

- [MEDIUM] Annex I.A: Complete Annex I.A with all data exporters and importers, including any additional parties via Docking Clause.
- [HIGH] Annex II: Complete Annex II with specific technical and organisational measures, including encryption standards, access controls, incident response, and data minimization practices.
- [HIGH] Annex II / TIA: Technical: implement e2ee_eu_keys, basic_encryption_only, access_controls | Contractual: add gov_access, onward_restrictions | Organizational: establish audit, logging, key_management
